That's a good question. The 10 day calendar hold actually ends on Monday, so we are planning to release the Final BO to the public via the web on Tuesday afternoon (May 3rd).

This will afford me the opportunity to send it directly to the interested Tribal organizations before the public.

You all are welcome for the field trip and I am grateful to have Mindy on staff.

> On April 22nd April, the FWS transmitted the Rosemont BO to the Corps and FS and most recently a revised
copy on April 28th. As discussed at the federal family field trip on April 21st, the FWS in coordination with the
Corps and FS agreed to a 10-day hold on the Final BO to allow the action agencies time to read and comprehend the
information to be able to better respond to public inquiries. However, in coordination with FWS and the Corps, I
have decided to share the Revised Final BO with the federal family prior to the close of the 10-day hold to maintain
open, transparent lines of communication and information sharing. I am personally asking that you only share this
document with those in your agency whom you deem appropriate to have it prior to the FS releasing it to the public
next week. The FS, FWS, and Corps is not ready for this document to be released to the public and is trusting that
your agencies will respect our request.
